EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with George Gates on June 8, 2007.

The application has been amended as follows:

Claims

2. Claim 15. 'An apparatus for measuring a mean time between program failures using customer error reporting, comprising:

one or more computers; and

means, performed by the computers, for:

(a) maintaining information concerning the program failures at a customer's computer; and

(b) transmitting the information to a vendor's computer;

(c) wherein the information is used to measure the mean time between the program failures at the customer's computer, by maintaining a running count of the program failures and computing the mean time between program failures by dividing a time elapsed between first and last error reports received by the vendor by an increase in the running count during the time elapsed.'

Should be

'An apparatus for measuring a mean time between program failures using customer error reporting, comprising:

one or more computers; and

a memory storing instructions, performed by the computers, for:
